**TRINITY
HARDWARE HEADQUARTERS**®
PARTS DONE RIGHT.

Grade 8 *Plain Finish*
No.7 Bucket Tooth Plow Bolts

3/8" to
1-1/2" dia.
Repair
Heads too!

**Now
Available!**

**All types of
nuts, too!**

This plow bolt features a flat, round, countersunk head with a single reverse key that prevents the head from turning.

Also, when replacing bolts, the key insures that the bolt is placed in its original position.

No. 7 Bucket Tooth Plow Bolts are often used on heavy equipment such as snow plows and road graders.

Parts meet SAE J429 Grade 8 specifications.

**BULK QUANTITIES
AVAILABLE**

Quality Policy: Trinity is committed to meet or exceed customer expectations through continuous improvement. Every employee of Trinity is important to and responsible for product quality and improving customer service satisfaction.
