## TRINITY HARDWARE HEADQUARTERS

PARTS DONE RIGHT.

### Superior Quality You Expect

Customers receive an integrated technical services approach that goes beyond product knowledge and product quality.

Trinity's Engineering Technical Services team performs the print and specification review to ensure manufacturability and identify issues prior to implementation.

Trinity offers complete chemical, physical and manufacturer's test reports upon request. Additionally, Production Part Approval Process (PPAP) and Initial Sample Inspection Report (ISIR) paperwork is available.

Save time and money by contacting Trinity Hardware Headquarters today:
